WILLIAM CEPEDA QUINTET

Fulfilling his interest in creating music that goes beyond the traditional rhythms of jazz, William Cepeda has united a group of virtuoso musicians.

The diverse mix of Rhythms makes this spectacle unique. The show has movement and presents different facets of contemporary jazz. Their original compositions are a testimony of the dynamic structure of jazz.

The show mixes traditional jazz beats, unique world sounds and rich Caribbean rhythms, creating an exquisite experience. It goes a step beyond the limits of the music we call Latin Jazz and pleases even the most jaded audiences.
